

NAVYA VERMA

Web Developer | Frontend & Java Backend

Muzaffarpur, Bihar, India | Phone: +91 6203184675 | Email: navyaverma451@gmail.com

LinkedIn: linkedin.com/in/navya-verma-8b7099391 | GitHub: github.com/NavyaVerma03

PROFESSIONAL SUMMARY

BCA graduate and fresher Web Developer skilled in HTML5, CSS3, Flexbox, JavaScript, Java, Spring Boot, REST APIs, and MySQL. Built a full-stack Student Management System (CRUD operations, authentication, attendance, course and fee management, dashboard) and a real-time Weather Website using a third-party Weather API. Seeking an internship or entry-level Web Developer / Java Backend Developer role to apply technical skills on real-world projects.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, Flexbox, CSS Grid, JavaScript, DOM Manipulation, Responsive Web Design
Backend:	Java, OOP, Spring Boot, REST API, Spring Data JPA (Hibernate), MVC Architecture, Python (Basics)
Database:	MySQL, SQL
Concepts:	CRUD Operations, API Integration, Full-Stack Web Development, Geolocation Integration, Debugging
Tools & Platforms:	Git, GitHub, GitHub Pages, Maven, Postman

PROJECTS

SkyCast Weather Website

Technologies: HTML5, CSS3, JavaScript, Weather API, DOM Manipulation | **Deployment:** GitHub Pages

Live: navyaverma03.github.io/SkyCast-Weather-Website

- Developed a real-time weather web application that allows users to search weather information for any city.
- Integrated a third-party Weather API using JavaScript to fetch and display live weather data.
- Implemented geolocation-based weather detection to identify and display weather for the user's current location.
- Used DOM Manipulation to dynamically update 3 live metrics: temperature, humidity, and wind speed.
- Implemented dynamic background themes based on weather conditions and time of day.
- Deployed the project using GitHub Pages.

Student Management System

Technologies: HTML5, CSS3, JavaScript, Java, Spring Boot, MySQL

Repository: github.com/NavyaVerma03/Student-Management-System

- Developed a full-stack Student Management System using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript.
- Implemented complete CRUD operations for adding, viewing, updating, and deleting student records.
- Added search functionality to efficiently find and manage student information.
- Developed an admin login system with a settings module for account password management.
- Built 3 management modules (attendance tracking, course management, fee tracking) with MySQL-backed data storage.
- Created an interactive dashboard displaying total students and active/inactive student counts.
- Connected the frontend with the Java Spring Boot backend through REST APIs, tested with Postman, and stored data in MySQL using Spring Data JPA.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026 | **80%**

Babasaheb Bhimrao Ambedkar Bihar University, Muzaffarpur, Bihar

Dr. Ram Manohar Lohia Smarak College, Muzaffarpur, Bihar

Intermediate (12th), Science

2023 | **67.2%**

Bihar School Examination Board (BSEB)

Matriculation (10th)

2021 | **77.2%**

Bihar School Examination Board (BSEB)

CERTIFICATIONS

- CSS3 — Infosys Springboard | April 2026
- Basics of Python — Infosys Springboard | April 2026
- Introduction to HTML | March 2026
- Website UI/UX Designing using ChatGPT | March 2026
- Data Visualisation: Empowering Business with Effective Insights (Job Simulation) — Tata, via Forage | March 2026
- TCS iON Career Edge – Young Professional — TCS iON | April 2026
